For each must go, if we dear folk would

be, Dear J S H Our High School Al - ma ma - ter, dear,

Long may you live a bea - con light a - long the way.

FOREWORD

During the past years we have witnessed the development of an awareness of the problems of the late sixties which have brought about many challenges and changes. The changes and challenges of our society have taken on many forms in accordance with the complex era in which we now live. Here at Sellars, we engaged in a search for excellence and clarity that will enable us to accept the changes with an open mind, and yet sadness at the doors to Jordan Sellars High School close at the end of the 1969-70 school year.

As the final editor of the Tiger goes to press, being conscious of our obligation and opportunity for leadership as Tigers, we urge each Alumni to dedicate himself to the fulfillment of his role as a worthy member within a distinguished family.

TIME TO

Since the beginning of Jordan Sellars, the school has survived changing times, changing administration, and changing quality of students. But it has held steadfastly to its philosophy of meeting the needs of a progressive society. Five principals have guided the Tigers over treacherous lands. The first, Mr. C. J. Johnson, principal from 1937-1944, is not pictured below. (He is shown with an early picture of Jordan Sellars School).

TIME TO HONOR

MRS. MAE SUE BROWNING

DEDICATION

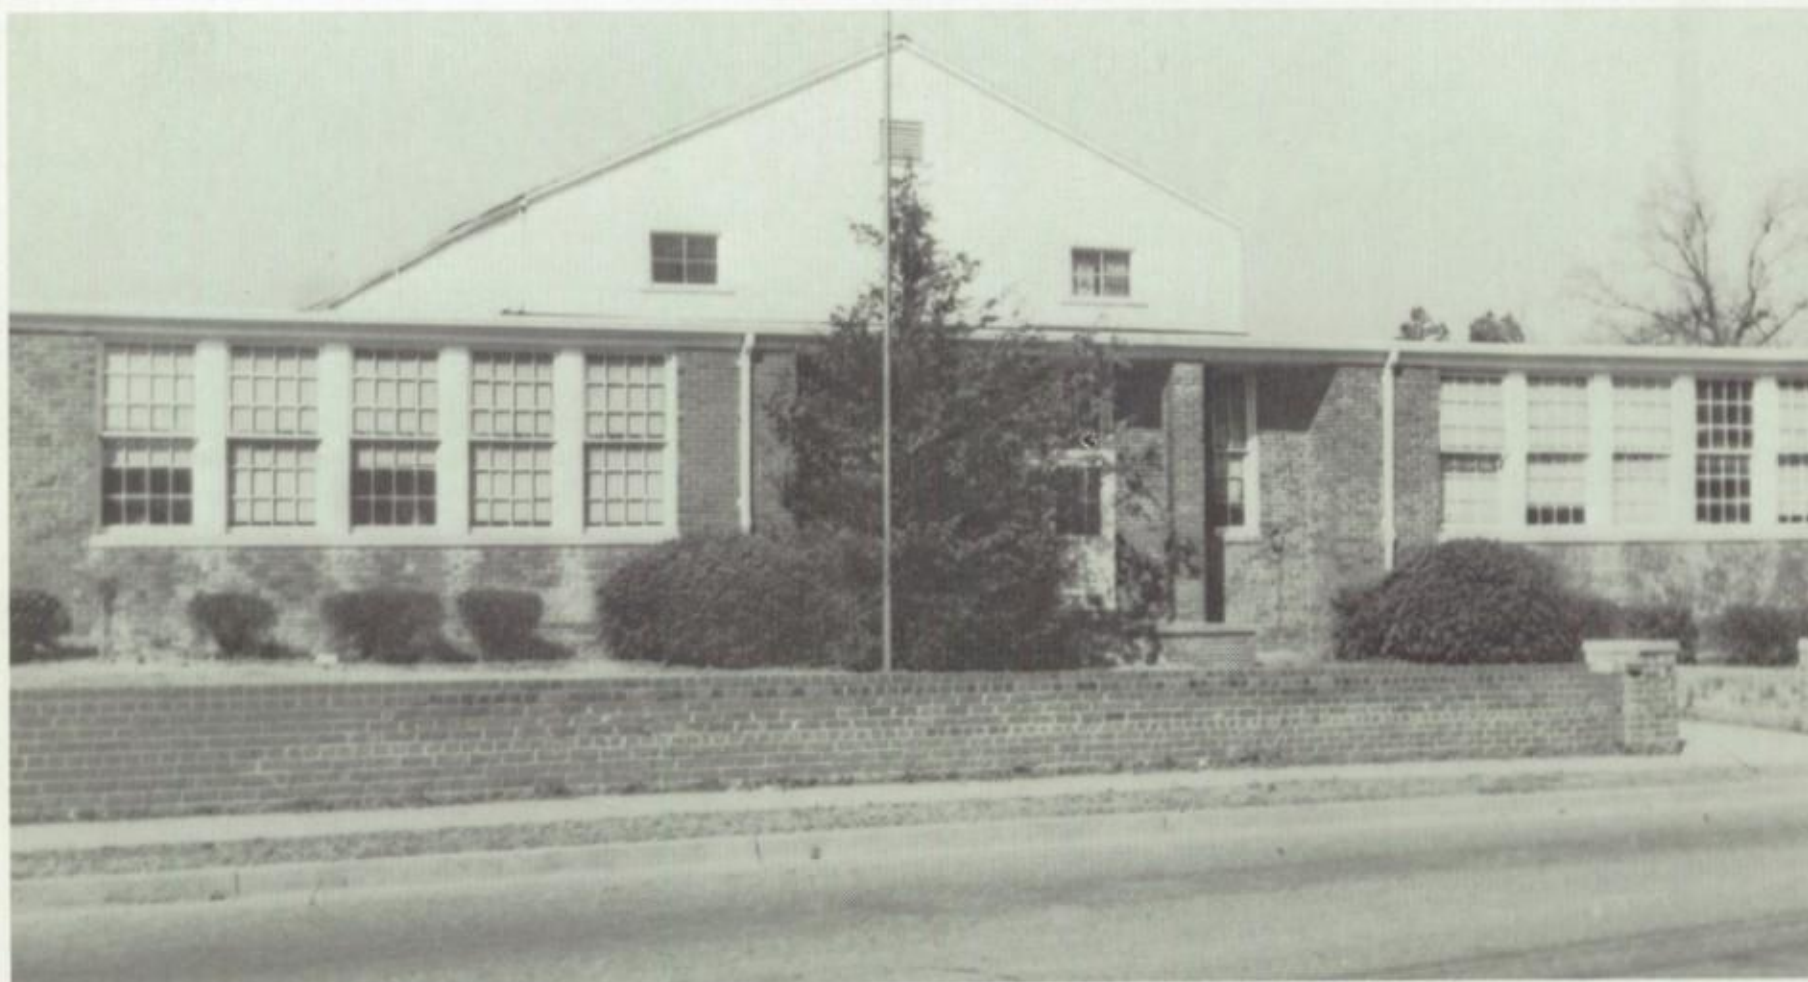

During the existence of Jordan Sellars High School, many teachers have come and gone. One teacher saw the need of her services here and has remained for 24 years. During these years we have found we could always depend on Mrs. Browning when we needed help and guidance. Whenever we needed advice, she could always be counted on to give us wise counsel and answers to our many questions.

As Dean of Girls, she has taught both girls and boys, good citizenship, respect, and honor.

In return for the priceless gifts of knowledge and inspiration, we, the class of 1970, dedicate the final edition of the TIGER to you, MRS. MAE SUE BROWNING, a teacher and friend.

TIME TO

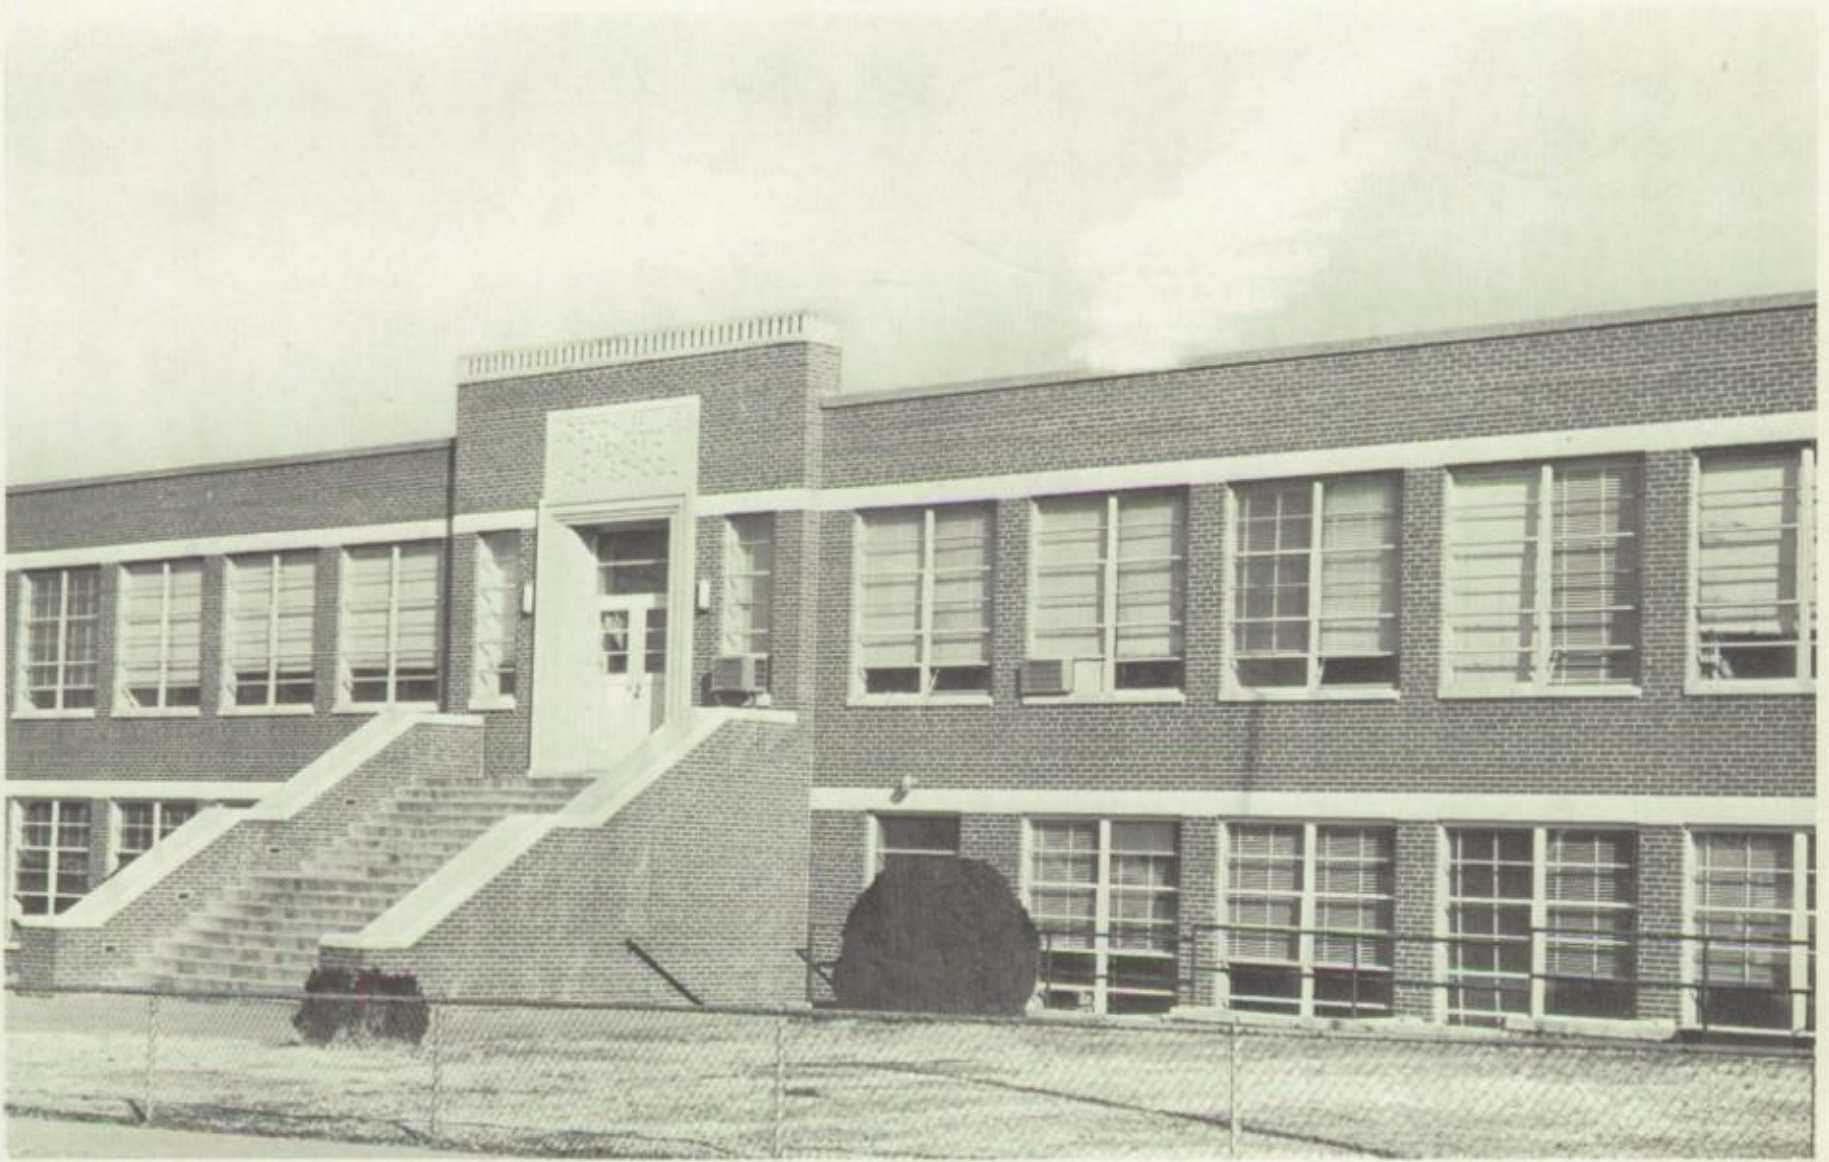

Step by step Jordan Sellars School was born beginning in 1928 with the Elementary School on the corner of Rosenwald and Apple Streets, named in the honor of Jordan Sellars who gave the land. Alamance County Training School was the High School.

1937, Jordan Sellars Elementary School was remodeled and became Jordan Sellars High School and the Alamance County Training School became the elementary school.

BE BORN

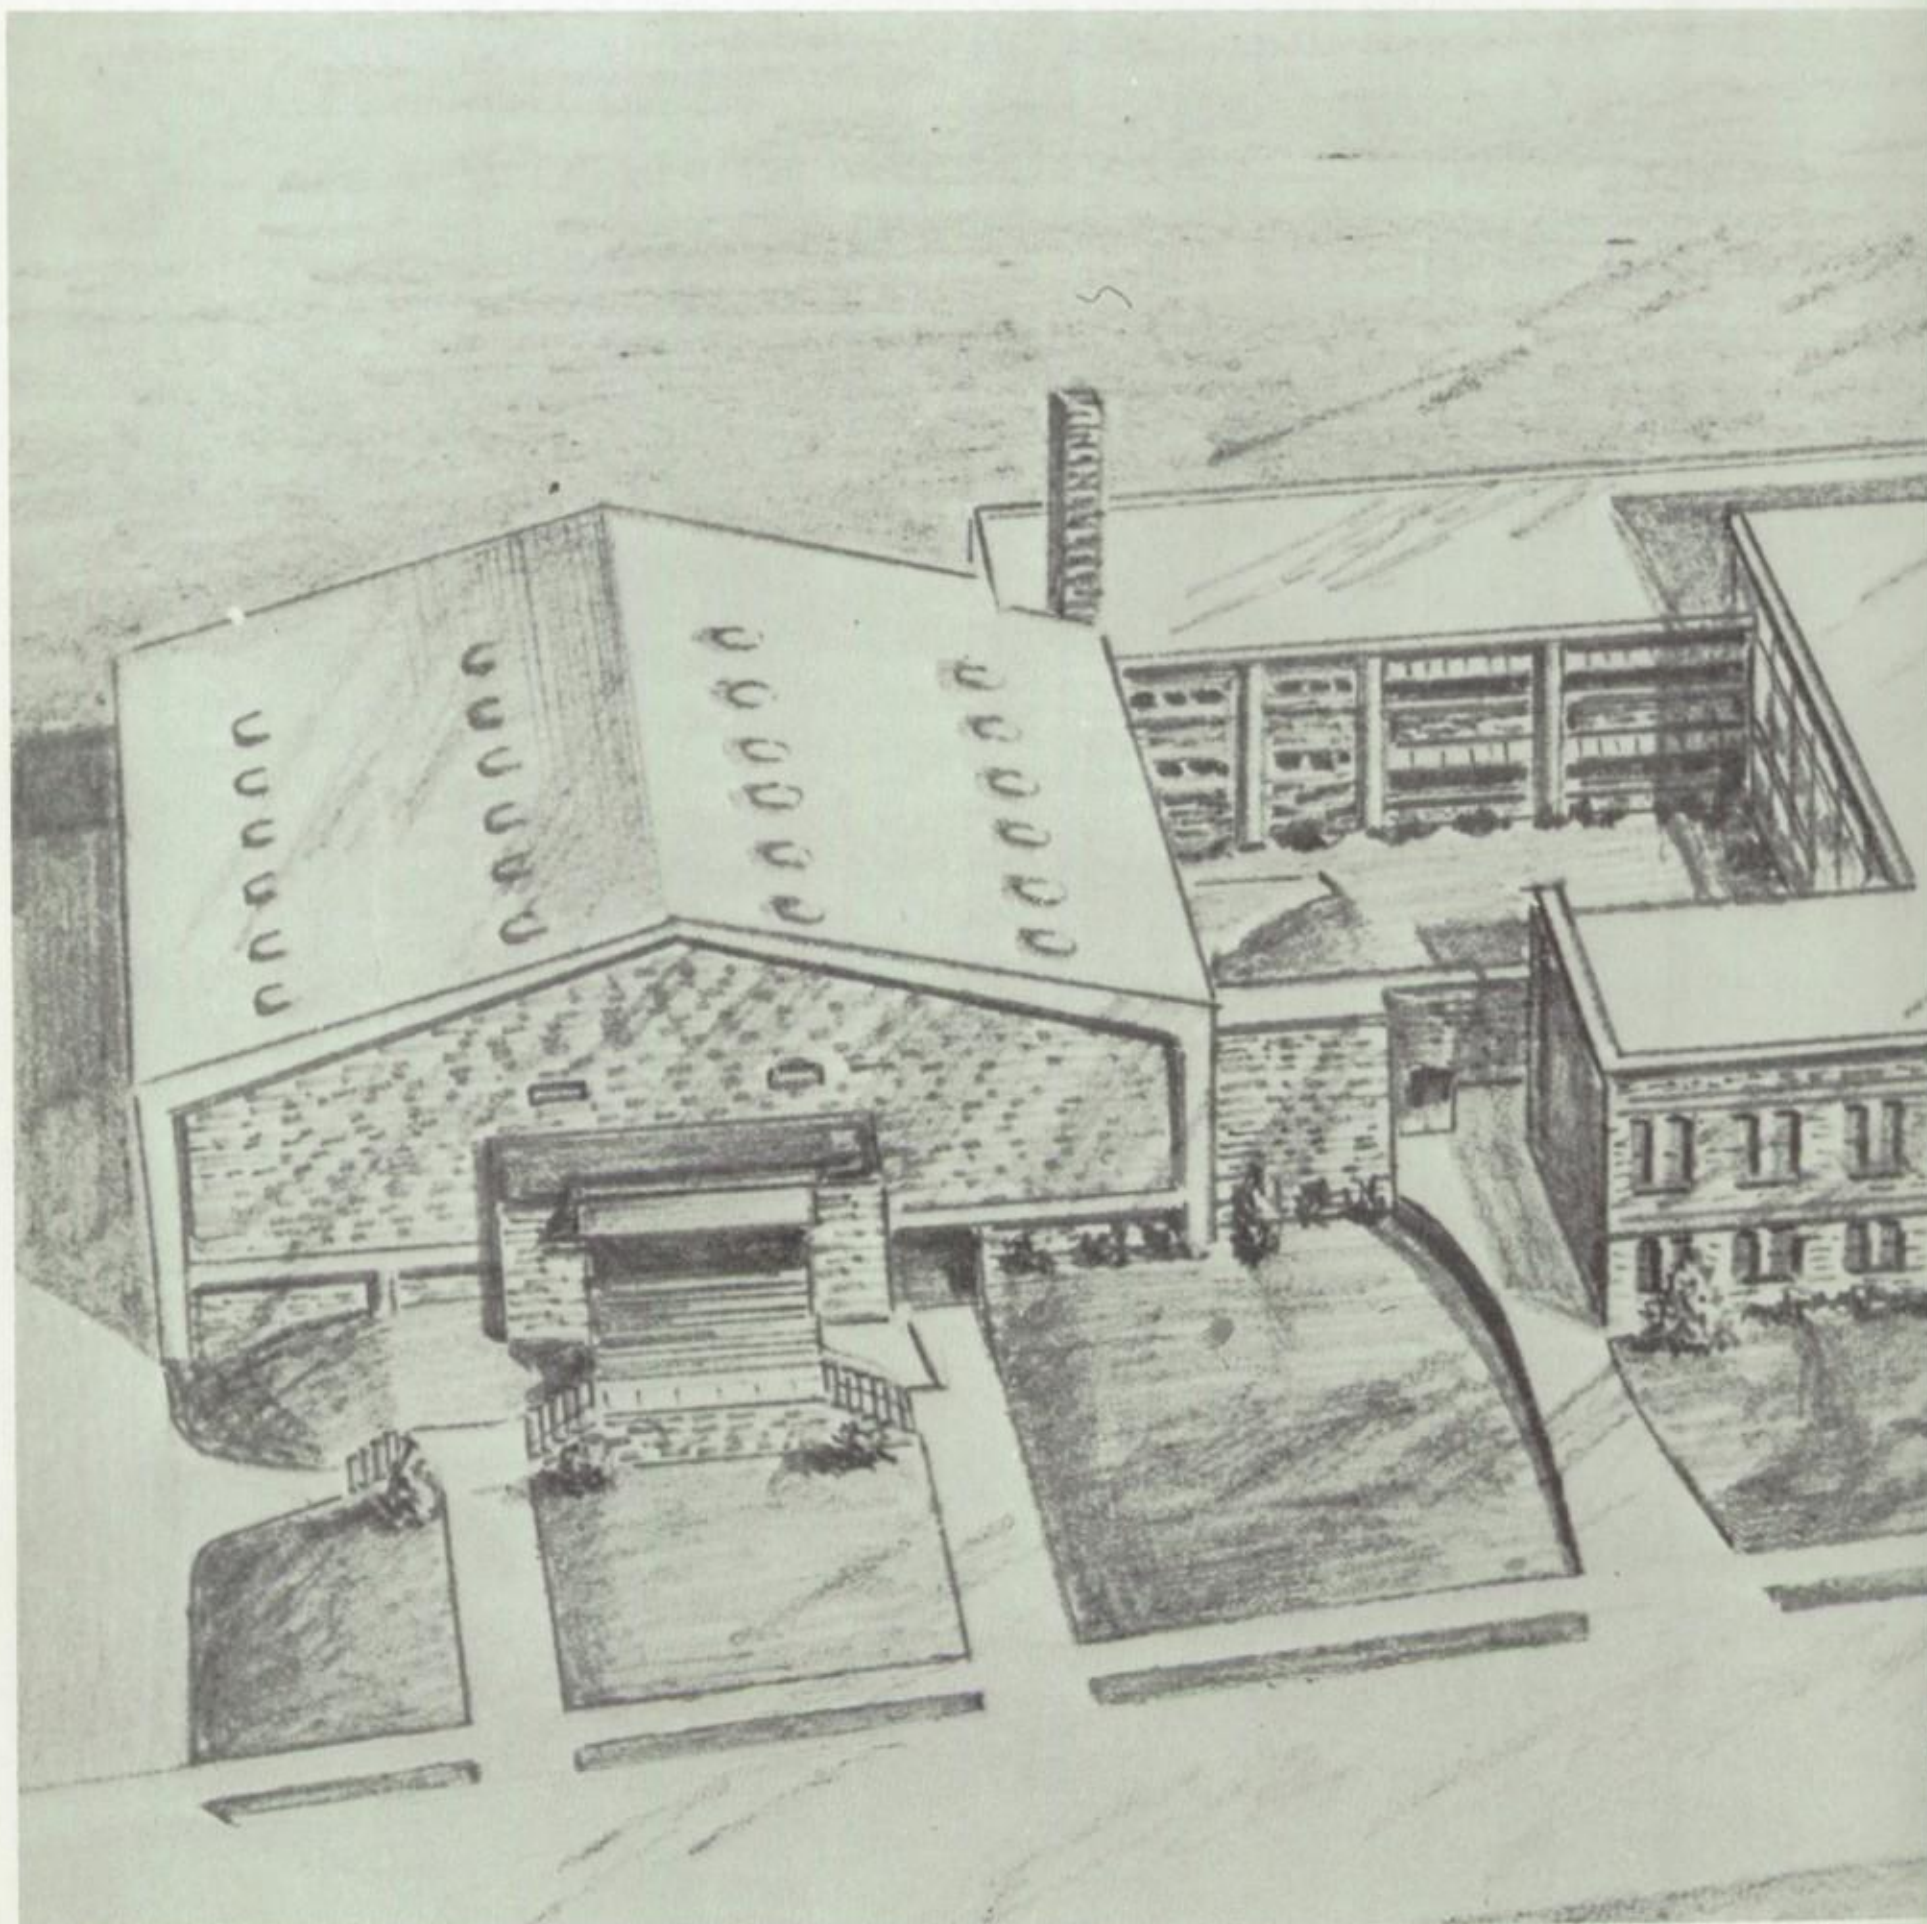

1954-55 school term opened with an addition of ten classrooms, cafeteria, reception office and principal's office.

In 1960-61, the new high school gymnasium was used for the first time.

TIME TO

The first Jordan Sellars School was begun in 1928 and was named in the honor of a local citizen, Jordan Sellars who donated the land. This school was the Jordan Sellars Elementary School and was on the corner of Apple and Rosenwald Streets. In 1937 the Elementary School moved to the Alamance Training School and the High School was in the Sellars facility. In 1942-43 school term, the Alamance Training School burned and Jordan Sellars High School became the Sellars-Gunn School. In 1944 a new brick structure was built which housed grades 1-5. This was named J. F. Gunn in honor of the present principal. Jordan Sellars then became a high school again and remained a high school.

DIE

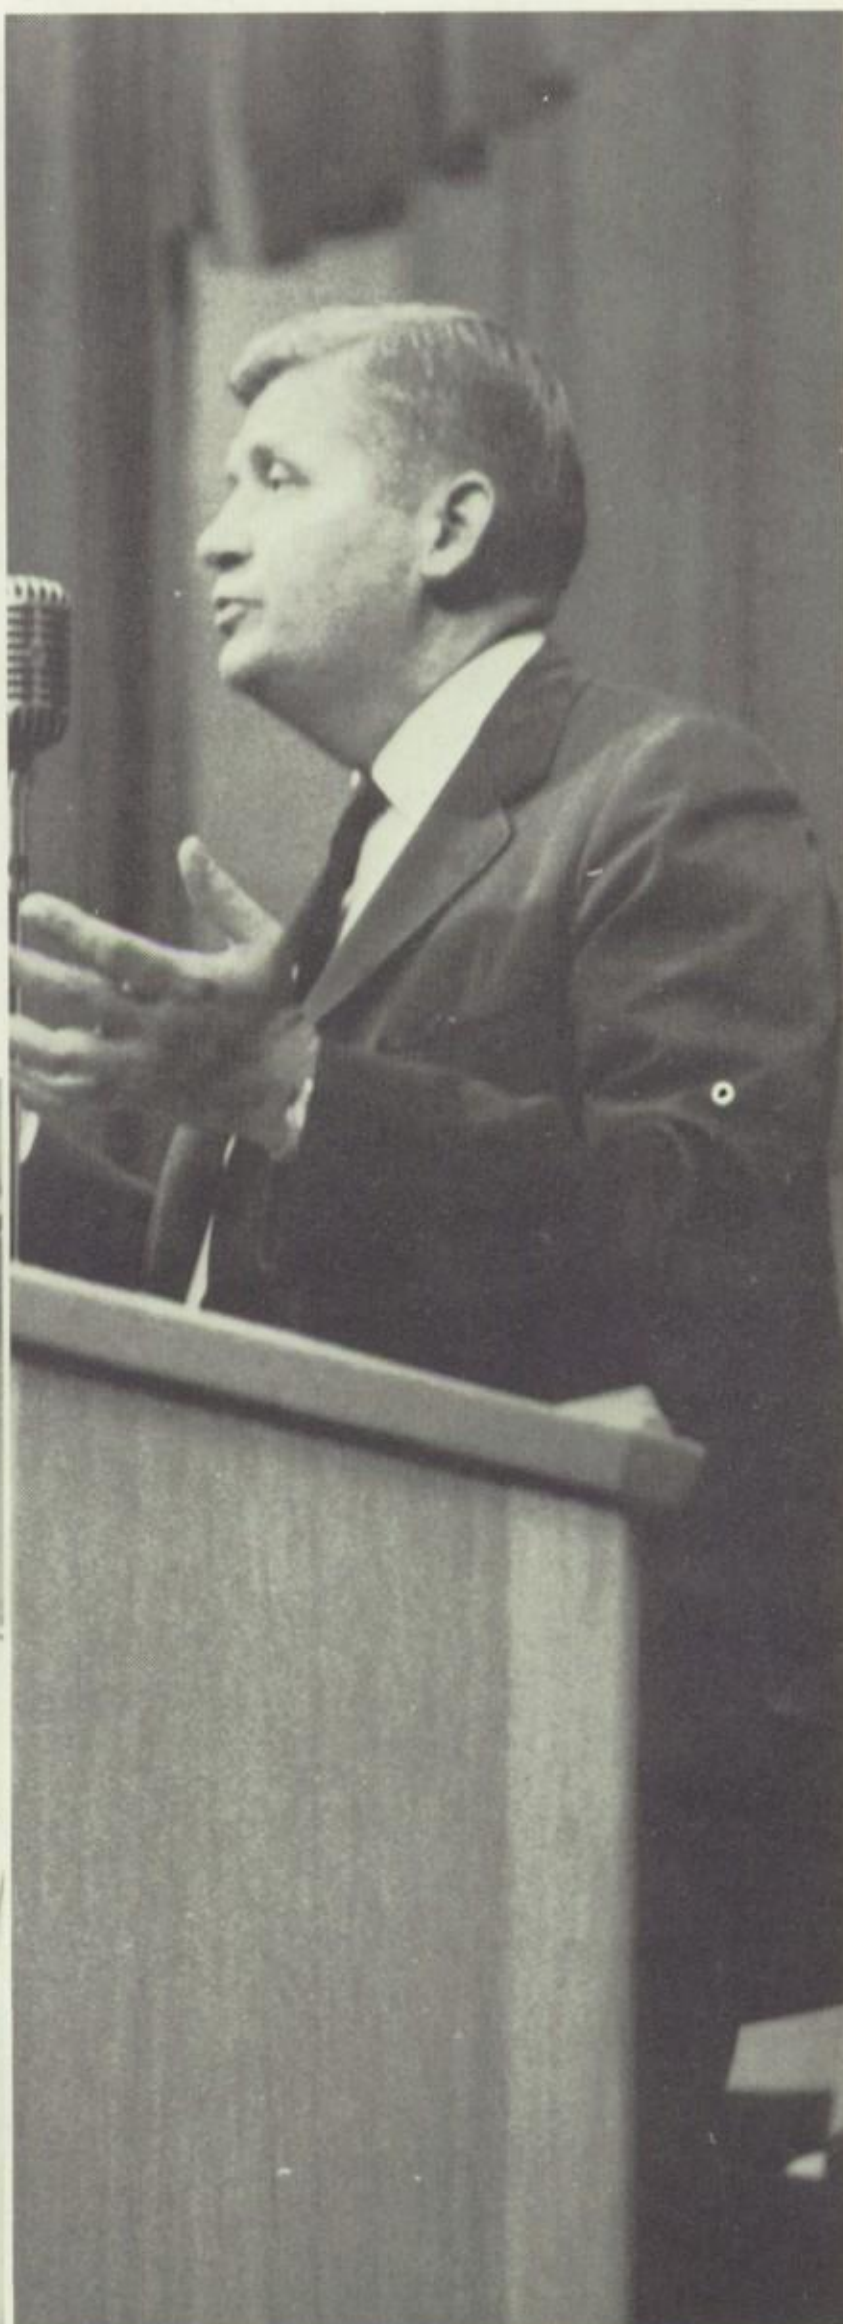

Additions have been added to the plant consisting of a gym, 10 classrooms, a two story wing to house junior high school students and a modern library. The total plant is shown above with all the new additions. The close of this school term will end the active life of Jordan Sellars High School.

FACULTY

ART PROVIDES FOR SELF-EXPRESSION AND IMAGINATION

Arts is designed to provide the student with an opportunity to broaden his understanding of art in his surroundings. A greater understanding of color theory, use of basic forms, and principles of design are taught in Art with emphasis on self-expression and imaginative interpretation of personal experiences.

In Art I, and II, the basic principles are introduced to students and the students become better acquainted with the art of past and present culture. Students are encouraged to pursue Art further as an enrichment and or as a career.

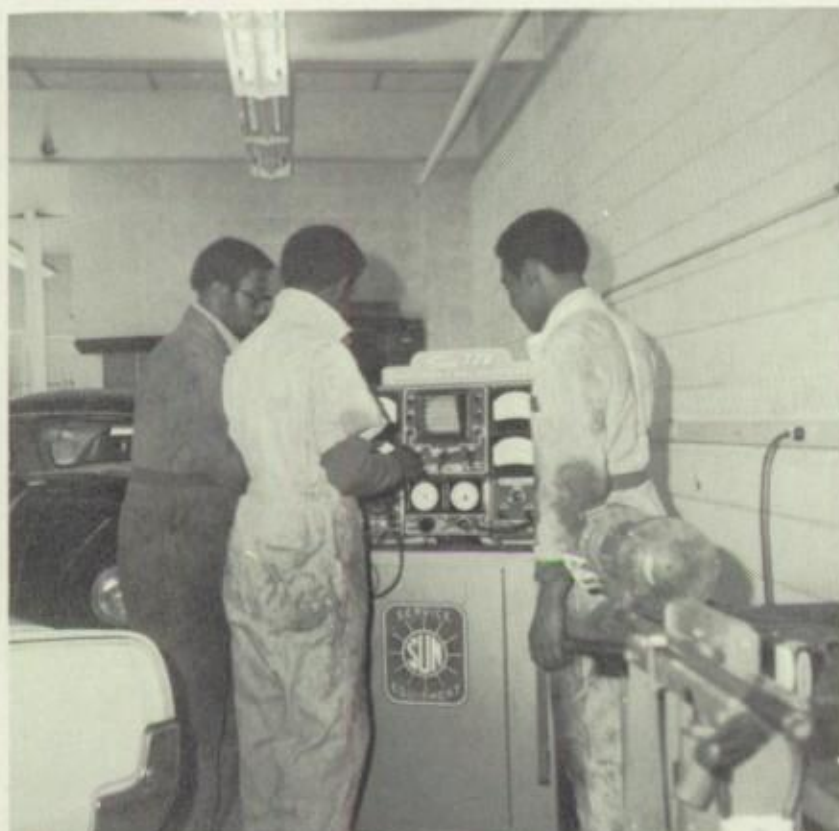

Mrs. Evelyn B. Anderson
B.A. -- N.C.C. Univ.
M.A. -- A. & T. State Univ.

MECHANICS OF THE FUTURE THROUGH AUTO MECHANICS I AND II

Automotive mechanics keep the nation's rising number of automobiles and small trucks and buses in running order. They do preventive maintenance, diagnose breakdowns, and make repairs. Students completing the two year program are employable as apprentice mechanics. A thorough knowledge of the functioning of cars as well as analytical ability bring about the most challenging and satisfying duties of mechanics -- diagnosing hard to find troubles.

John Whitaker
Un. C. -- CH

BUSINESS COURSES TRAIN TOMORROW'S LEADERS

The Business Department's goals are to equip students to meet the challenges of business. It attempts to do this by offering courses for personal use, courses to train students for employment upon graduation and/or courses to provide the basic preparation necessary to continue education in colleges, technical schools or business schools.

Courses which have been offered by the department were: Basic Business, Bookkeeping, Shorthand, Typewriting I & II, and Business Math.

Mrs. Beulah Evans
B. S. A & T State Univ.

BRICKLAYING CLASSES -- THE BUILDER OF TOMORROW'S DREAM

Students enrolled in bricklaying will acquire the basic skill and knowledge necessary in bricklaying in order to build dream houses of tomorrow. In the second year of the two year program, students are taught by masonry contractors supervised by the instructor. Through this method, the students receive on-the-job-training.

Fred McKoy
A & T State Univ.

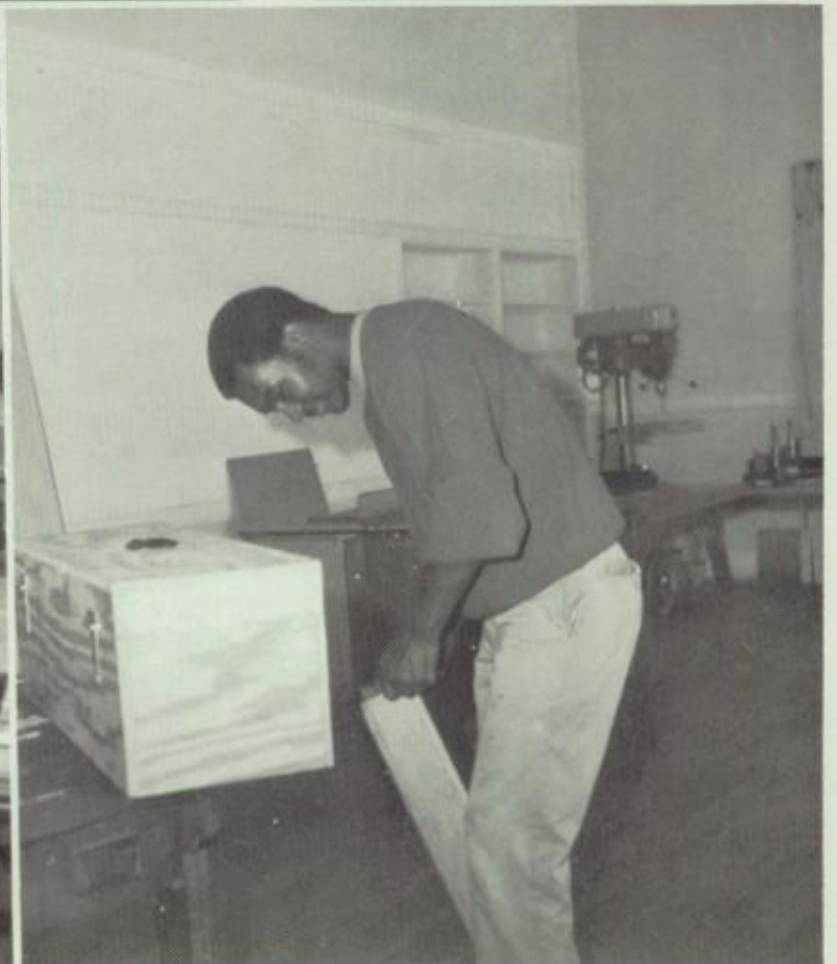

CARPENTRY TRAINS JOURNEYMEN

Due to the rising volume of construction, carpenters are very much in demand. Students interested in the building trade begin this course, level one, during their junior year and complete the course their senior year. Students completing the course enter the world of work as Journeyman Carpenters or Carpenter Helpers.

Azzie Whitsett
A & T State Univ.

ELECTRICITY AND ELECTRONICS TRAIN TOMORROW'S TV AND RADIO SERVICEMEN

This course provides the student with an understanding of the fundamental theories of electricity and electronics and gives him a basic knowledge of how these theories are applied in the fields of communication, transportation, construction, manufacturing, and the development of electrical power.

Satisfactory completion of this course will enable the student to effectively pursue more advanced training in such specialized areas as electrical installations, electric motor repair, Radios and T.V. Service, and electric appliance repair.

Charles Stafford, Jr.
Elon College

Students return to Sellars Daily from Broad Street Vocational Center.

FOREIGN LANGUAGE STUDENTS STUDY LANGUAGE AND CUSTOMS

French classes span time, space, culture and customs as well as language. Students are taught to communicate in French by developing skills in comprehension, speaking, reading and writing. Further, they are taught to understand and appreciate the cultural traits and ways of life of the French people.

The fully equipped laboratory is an asset in teaching the students. The foreign language classes that have been taught at Jordan Sellars are: Spanish I, Spanish II, Latin I, Latin II, Conversational French, French I, II, III and IV.

Mrs. Norma G. Majette
A.B. Shaw Univ.

LANGUAGE IS ESSENTIAL FOR UNIVERSAL COMPREHENSION

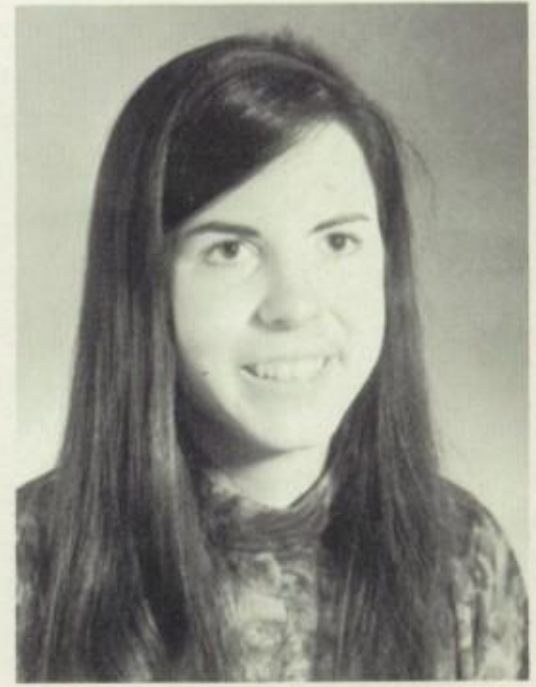

The expression and the interpretation of one's ideas are taught through studies in English. Through the study of English, the student arms himself for a culture in which the ability to communicate is vital to success and happiness. He examines the models of thought and expression presented by prominent authors and seeks to form his own ideas through discussion and reaction to these authors. As his thinking takes an identity, his skills of self experience are developed to cope with the new demands placed on them. In English then, the student learns to think and to express his thoughts with accuracy and clarity. Class activities include: Panel discussions, students making speeches, student bulletin boards and skits.

Mrs. Elizabeth Lasley
A B Unc -- G.

Mrs. Elanor Sheeks
A.B. Univ. S. Illinois

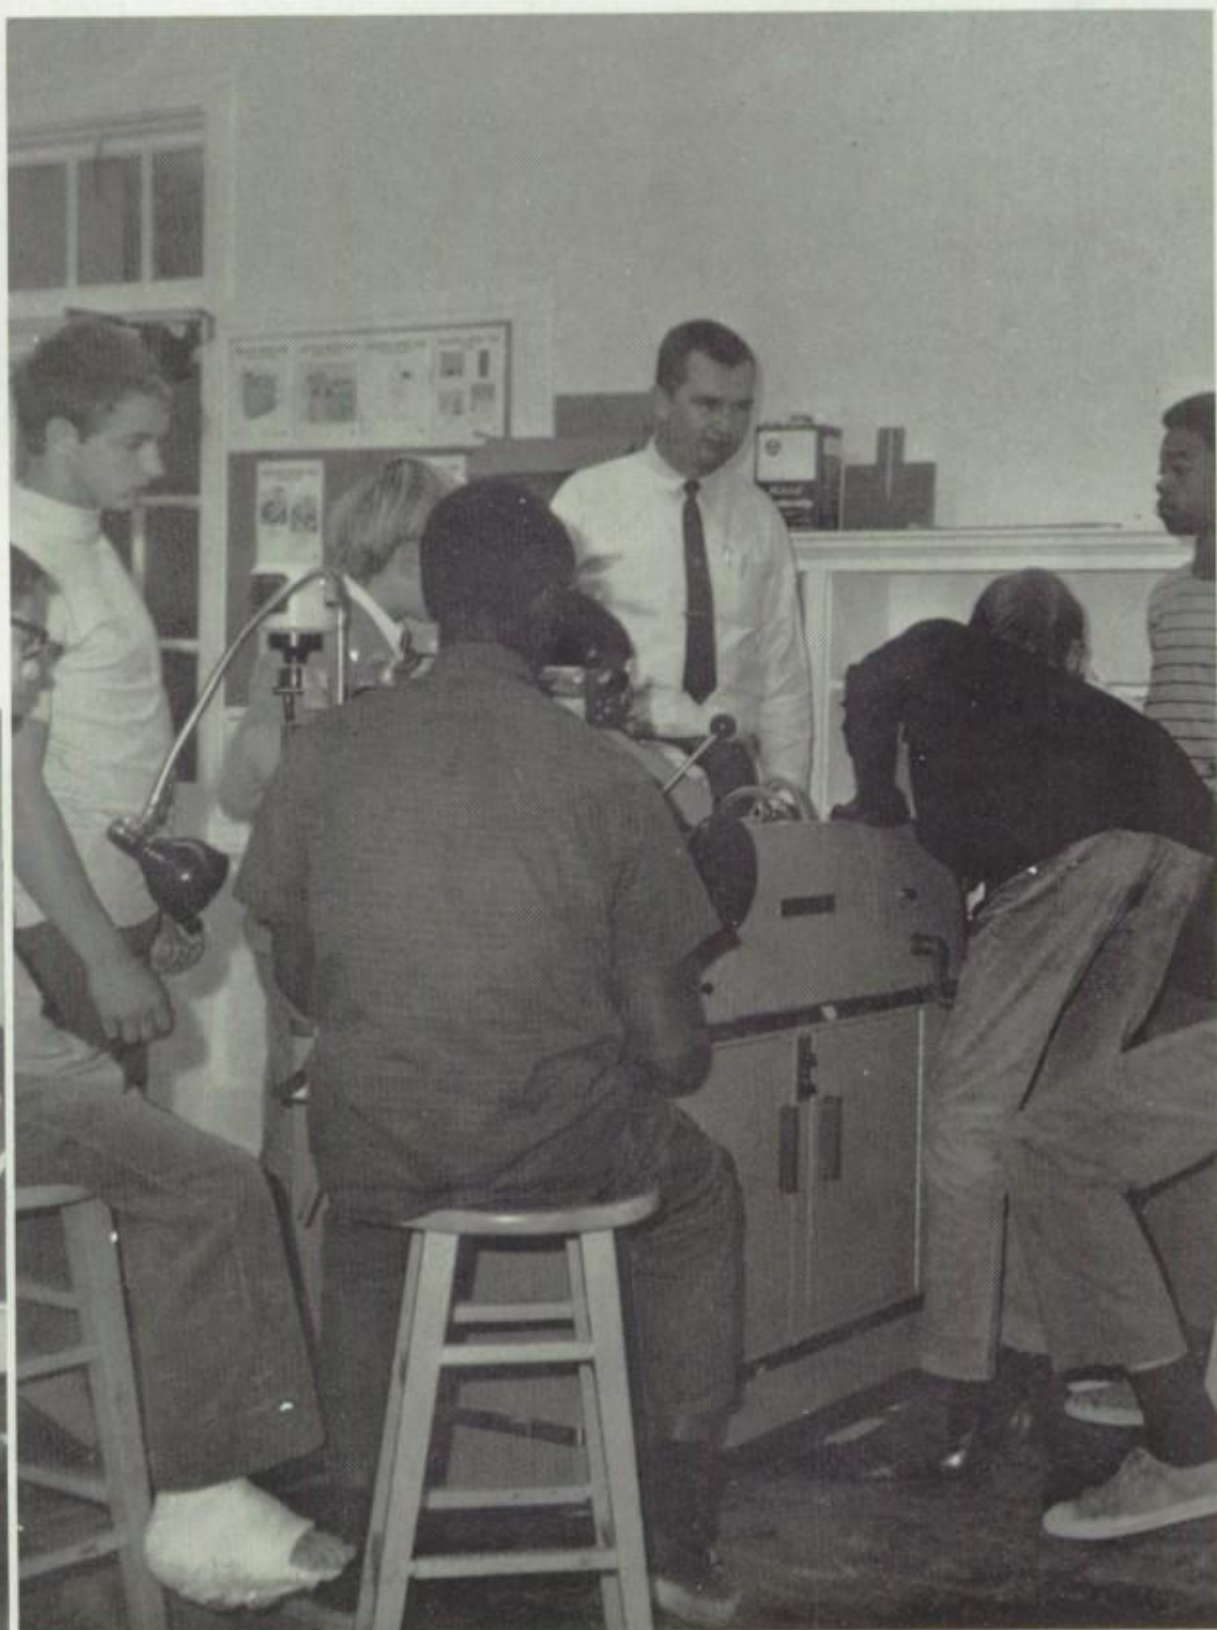

Mrs. Carolee Lane
AB Duke Univ.

GRAPHICS AND INDUSTRIAL COMMUNICATIONS INSURE TRAINING FOR INDUSTRIAL NEEDS

This course gives the student specific skill training and a general understanding of the photo offset principle and process in the subject area of Graphics and Industrial Communications. Modern laboratory equipment and instruction in current industrial practices and techniques are used to insure training that is relevant to today's industrial needs. Following the completion of this course, the student should be employable as an advanced learner or operator in offset printing establishments.

Farrell Wilson
Davidson College

GUIDANCE ASSIST IN ACHIEVING OPTIMUM DEVELOPMENT

Guidance serves as an integral part of the total educational process and assists each child in achieving optimum development. Students are assisted in developing an understanding of himself and his environment. The activities are planned to give the students the necessary information and skills for making wise decisions for personal and social adjustment; thus enabling them to set realistic goals for themselves.

HEALTH OCCUPATION STUDENTS ARE NURSES OF TOMORROW

Students are introduced to and made aware of the responsibilities and employment opportunities in the professional area dealing with medical and allied health agencies. Following this course in Health Occupation I, in which students develop an interest in, an appreciation for, and an understanding of the medical organizations, they are permitted to take the second level course, Nurses' Assistants or Health Occupations II. In this course students are taught the responsibilities and duties of an assistant to a nurse.

Mrs. Vera C. Davis
St. Augustine College School of
Nursing

HOME ECONOMICS

Home Economics is a subject that lays the foundation for better homemakers of tomorrow. It also helps students to learn how to cope with the many problems that they will encounter in adulthood as Home Economics emphasizes the development of attitudes, values and skills.

The courses in this department are: Home Economics I, II, III, Custom Sewing and Family Life. The Home-making courses include social and family relations, household management, food nutrition, clothing, personal grooming, child development, family life and problems centered around marriage.

Mrs. Mae Browning
B. S. Hampton
M. S. N.C.C. Univ.

Mrs. Alice Joyner
B. S. Shaw Univ.

THE LIBRARY: THE HEART OF THE SCHOOL

Through books have come the achievements of the world; through them we have received the heritage of all great minds. Thus, the library is the heart of the school. Our library, which is accessible to all, provides a wide range of materials that are invaluable reservoirs of information for classwork and are also inexhaustible resources for pleasure.

Mrs. Willie Saunders
B. S. N. C. C. Univ.

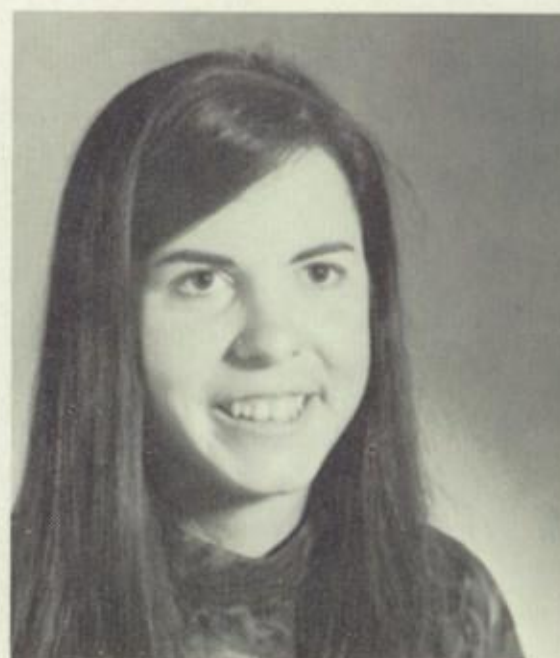

INTEREST + EFFORT = SUCCESS IN MATHEMATICS

The Mathematics Department encourages students to organize ideas and think critically. Students are encouraged to develop computational skills and to use these skills to solve everyday problems.

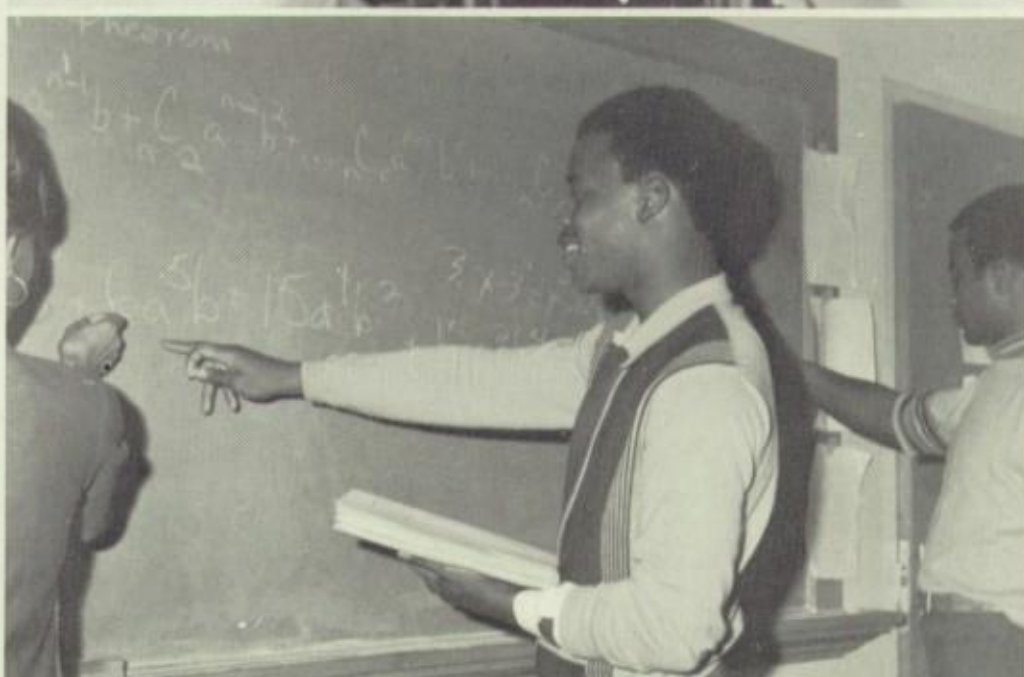

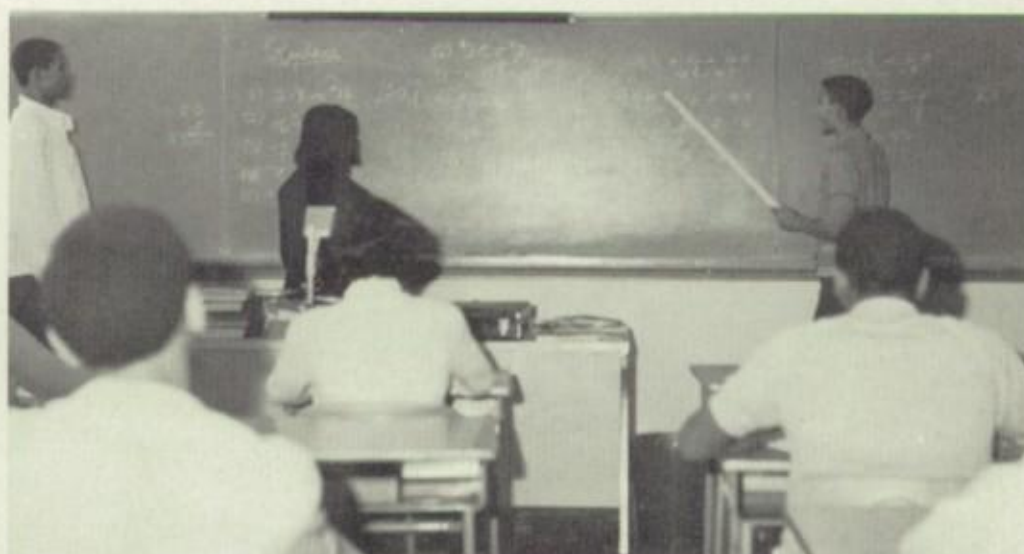

General Mathematics I and II, Algebra I and II, Geometry, Advanced Mathematics and Consumer Mathematics are taught in the department.

Frank Robinson
B. S. Shaw Univ.
M. S. N. C. C. Univ.

Mrs. Carolee Lane
A. B. Duke Univ.

MUSIC PUTS HARMONY AND WELL-ROUNDEDNESS INTO LEARNING

The students learn to appreciate the fundamentals of a firm background in chorus and band. The music department is designed to stimulate mental, physical, and aesthetic response through training in Chorus and Band. Students are given the privilege of self expressions and the opportunity of emotional release.

Mrs. G. G. Harrelson
B.A. Bennett College
M.A. Columbia Univ.

PHYSICAL EDUCATION: AN ASSET FOR A SOCIAL MIND AND BODY

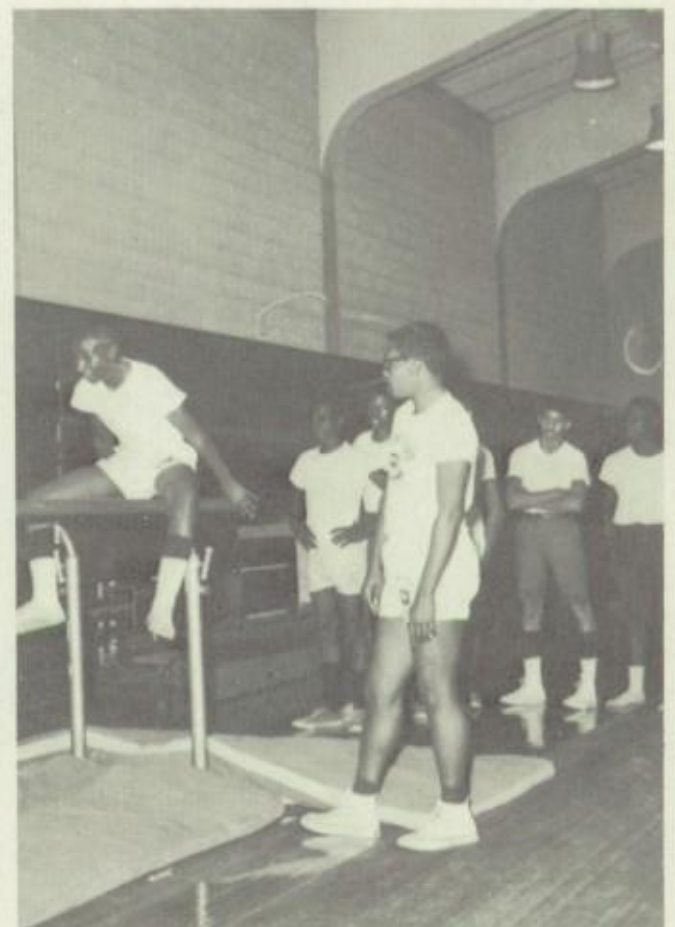

Students learn the usefulness of personal Hygienex as well as physical fitness which will help mold the young men and women of tomorrow. The Physical Education Department which offers Physical Education I, Health Education, and Advanced Physical. Education is organized to provide for classroom activities, physical education instruction, intramural athletics, and interscholastic competition.

Mrs. Gwendolyn Torian
B.S. Bennett College

J. T. Evans
B.S. N.C.C. Univ.

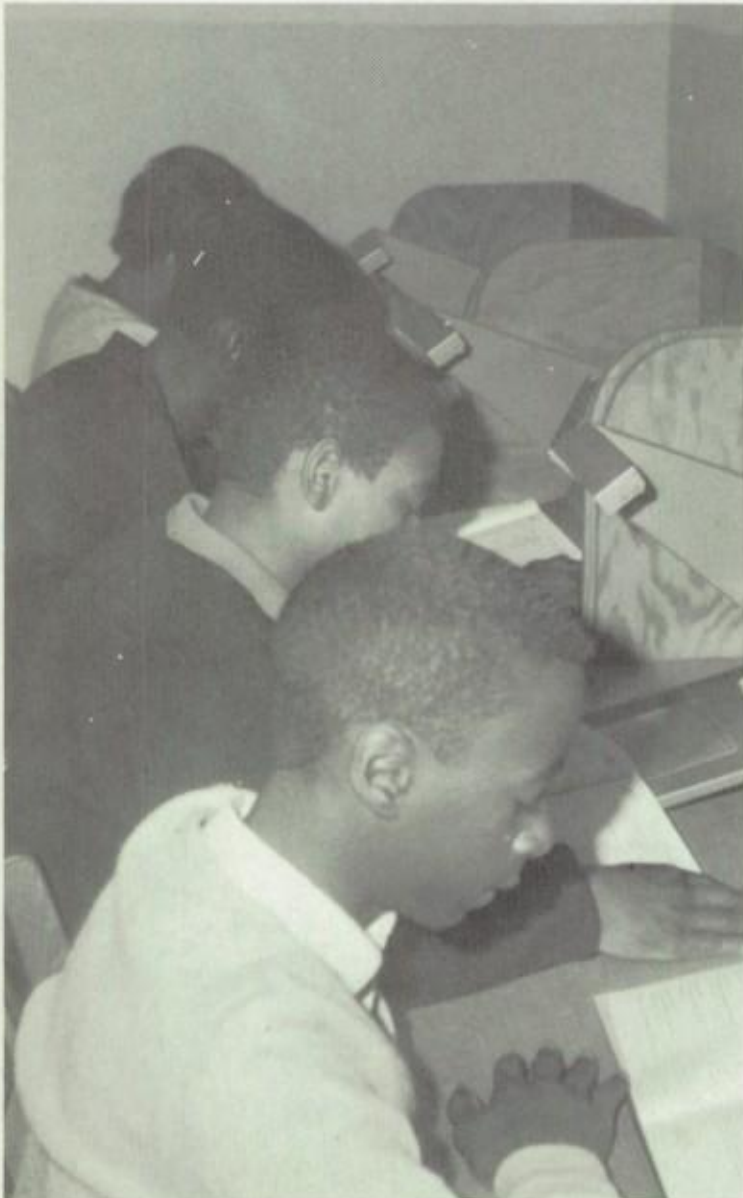

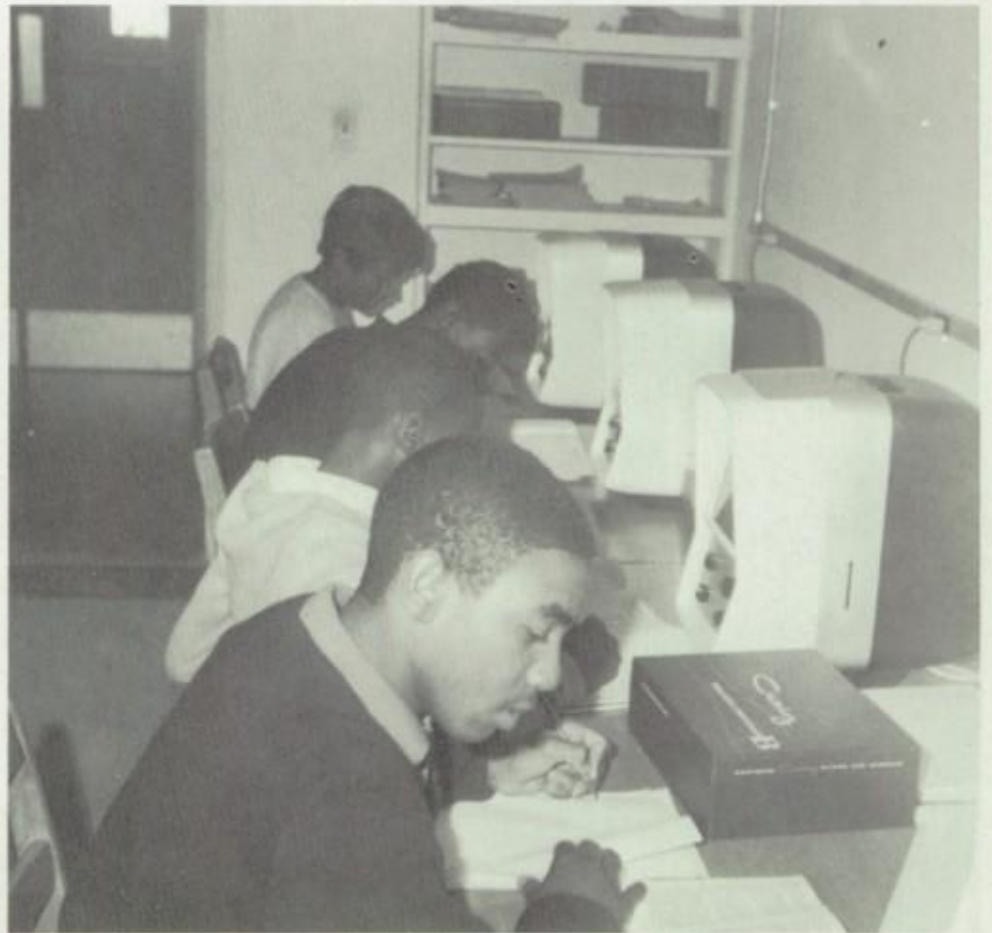

READING IMPROVEMENT REINFORCE KILLS

Reading Improvement is a corrective reading program designed to reinforce basic reading skills in an effort to help each child reach his maximum reading potential. The program is individual and organized on the basis of each pupil's individual need as determined by pretesting and analysis.

Mrs. Elanor Sheeks
A.B. Univ. of Southern Illinois

SCIENCE OFFERS A CHALLENGE TO STUDENTS

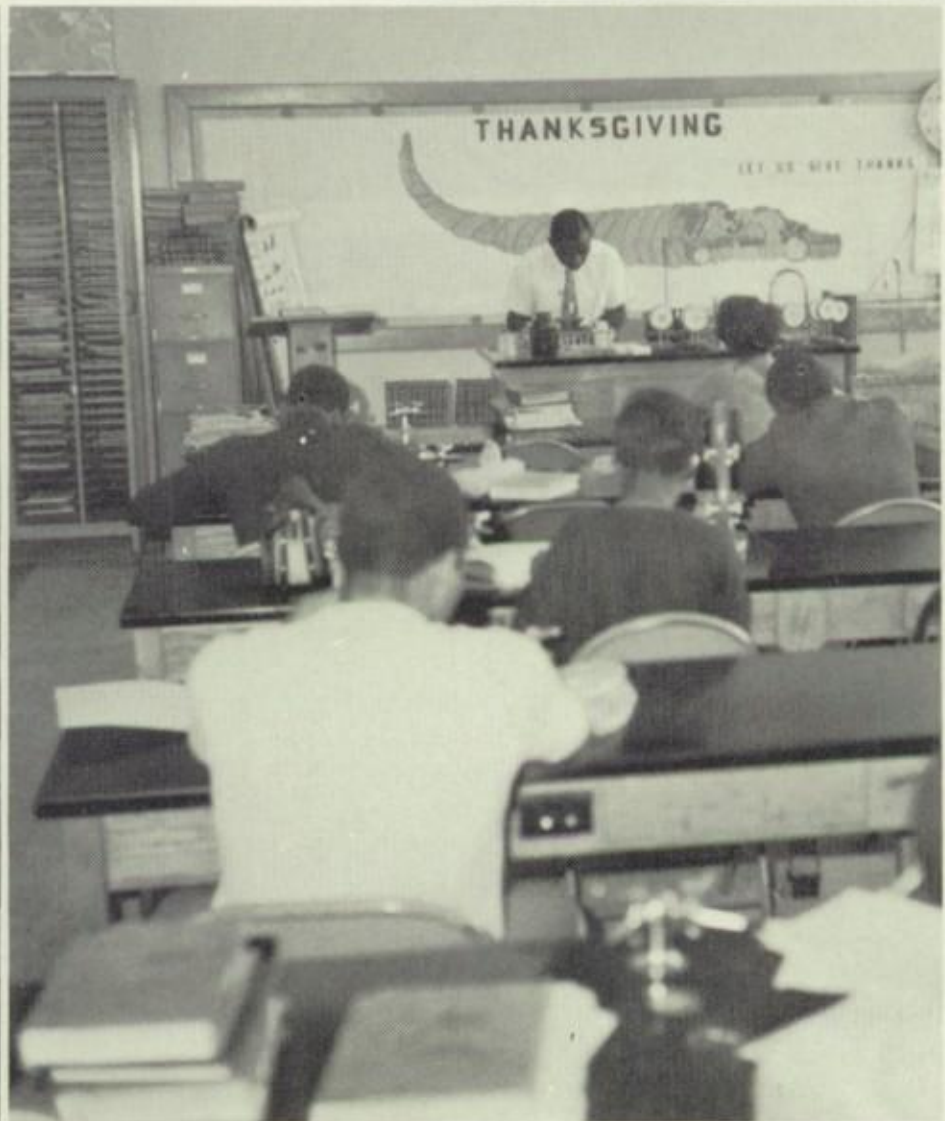

In this age of space, students find the study of sound, heat, light, transportation and other scientific areas to be interesting and challenging. Scientifically minded students become familiar with many chemical substances as well as plants and animals, including the most complicated structure -- the human body. Science courses in the department were: Physical Science, General Science, Biology, Chemistry, Physics, Anatomy and Physiology.

G. W. F. Bates
B. S. Knoxville College

Mrs. Gwendolyn Torian
B. S. Bennett College

SOCIAL STUDIES UNVEIL PAST, PRESENT AND FUTURE

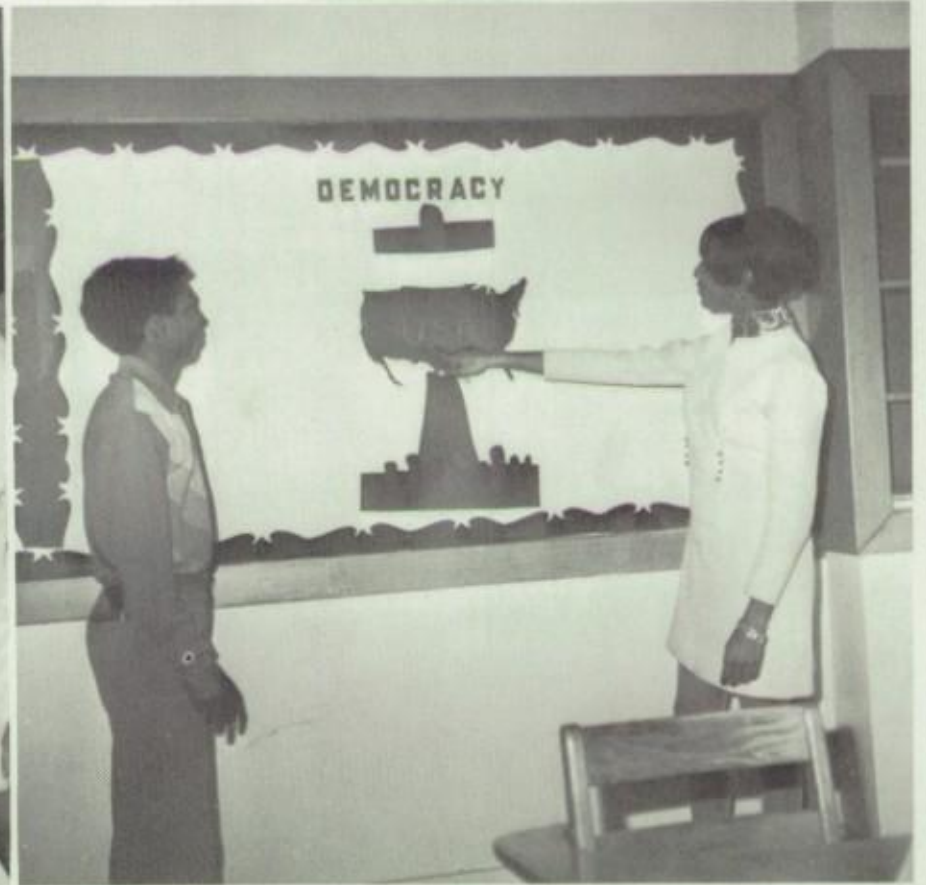

The Social Studies Department provides students with the opportunity to gain knowledge of the social world, its problems and logical ways of solving these problems. It also gives the students an opportunity to see the mistakes of the past so that future ones may be avoided. History strengthens the students' understanding of national and international problems. Studying our true American heritage is a rich and rewarding experience. The following courses have been offered in the Social Studies Department: Geography, Civics, Government, World History, United States History, Sociology, Economics, Negro History, American Humanities and World Geography.

Larry Briggs
A. B. -- UNC-CH

Mrs. Janet Jeffries
A. B. Adt State Univ.

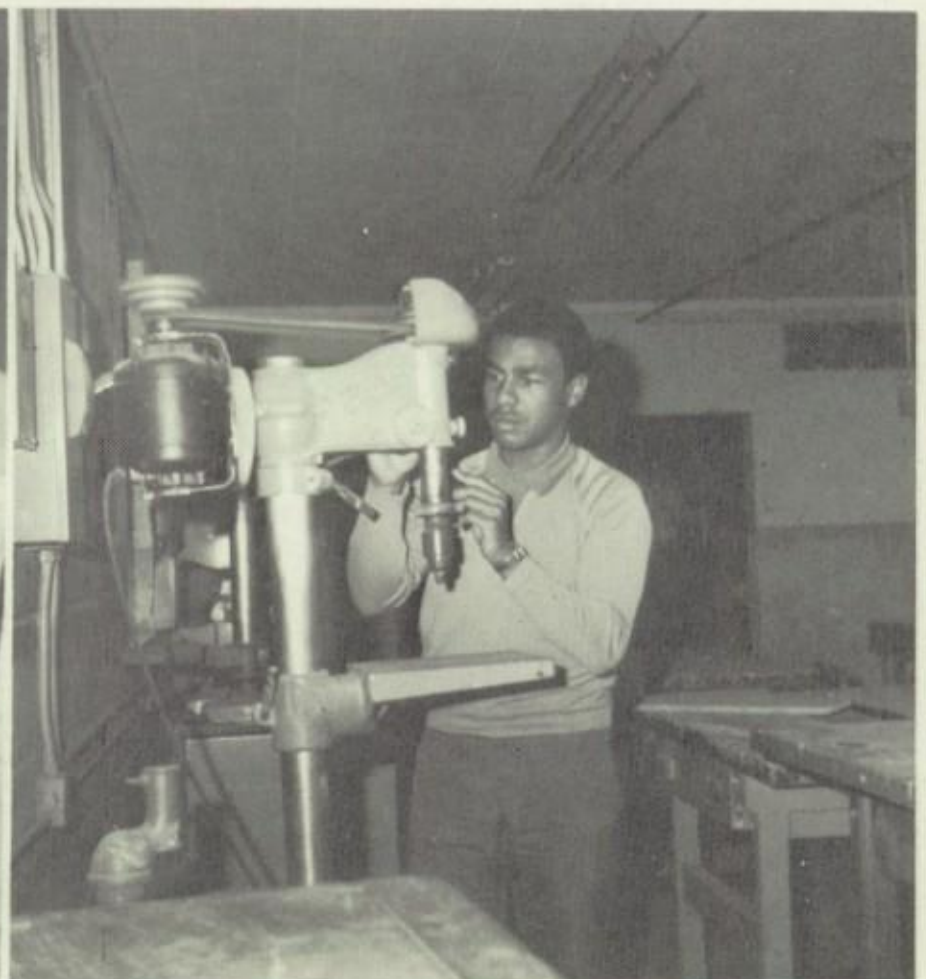

VOCATIONAL EDUCATION COURSES DEVELOP SKILLS

The vocational education area offers courses that teach students to use their hands along with their minds to work skillfully and efficiently. Students are oriented to the family of occupations within the construction industry as well as basic knowledge of drafting principles and techniques. Courses in this area that have been taught are: Mechanical art, Industrial Arts I & II, Construction Industry and Drafting.

ATHLETICS

A SHOW OF APPRECIATION

G. W. F. Bates

A show of appreciation goes to Mr. Bates who has devoted many extra hours to our school. Not only is he interested in the Scientific academic program, but he has become a molding force behind our Athletic Program. He has been recognized for his work with the tennis, basketball, baseball, football and track teams as well as an assistant in all phases of the school when needed. He has been with Jordan Sellars High School for over twenty years.

Coach Evans gets ride "Piggy Back" style compliments of Tigers' Number 1 cheerleader, Alumnus Donald Boone. The Tigers had just won the Conference title over Wilson Darden. Donnell Warren (88) couldn't contain his joy, nor James Reid (11).

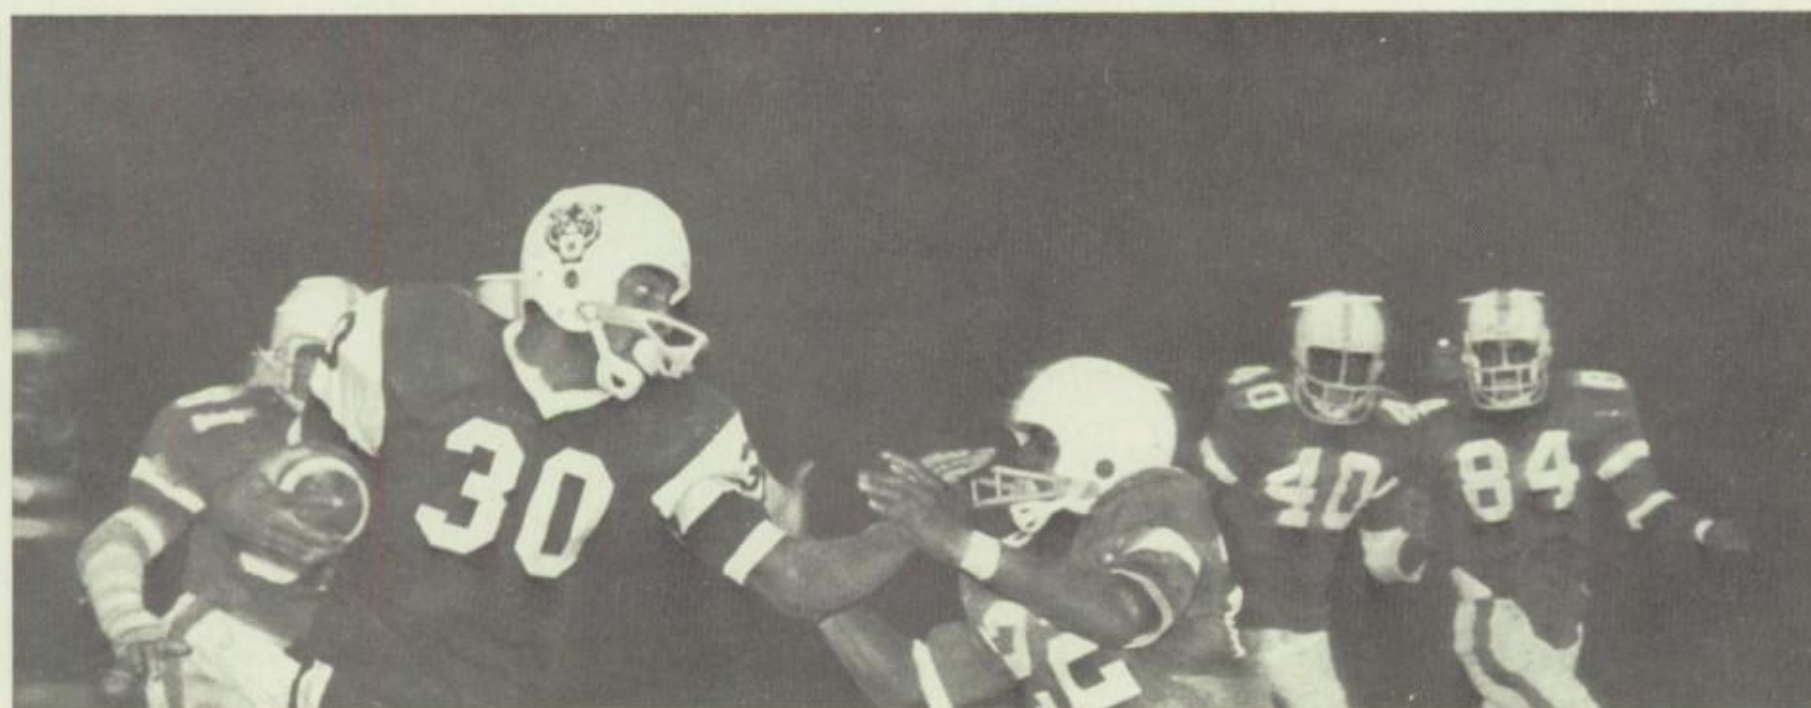

(Left) Larry Matkins (12), is shown rushing for part of the 137 yards he gained during the night against Carver of Mt. Olive. Jack Enoch (84) stands ready to help out. Sellars won 52-6. (Right) Matkins stiff arms an opponent on his way to racking up 24 points against Carver of Mt. Olive. He scored twice in the first quarter and again in the second, plus adding 6 points in PAT's.

Part of famed defense which limited Henderson Institute to 5 first downs and 72 yards on the ground. Shown leaving the field after giving the ball to the offense are James Reid (11), Reid Lee (24), and Rudy Allen (54). The final score was 44-0.

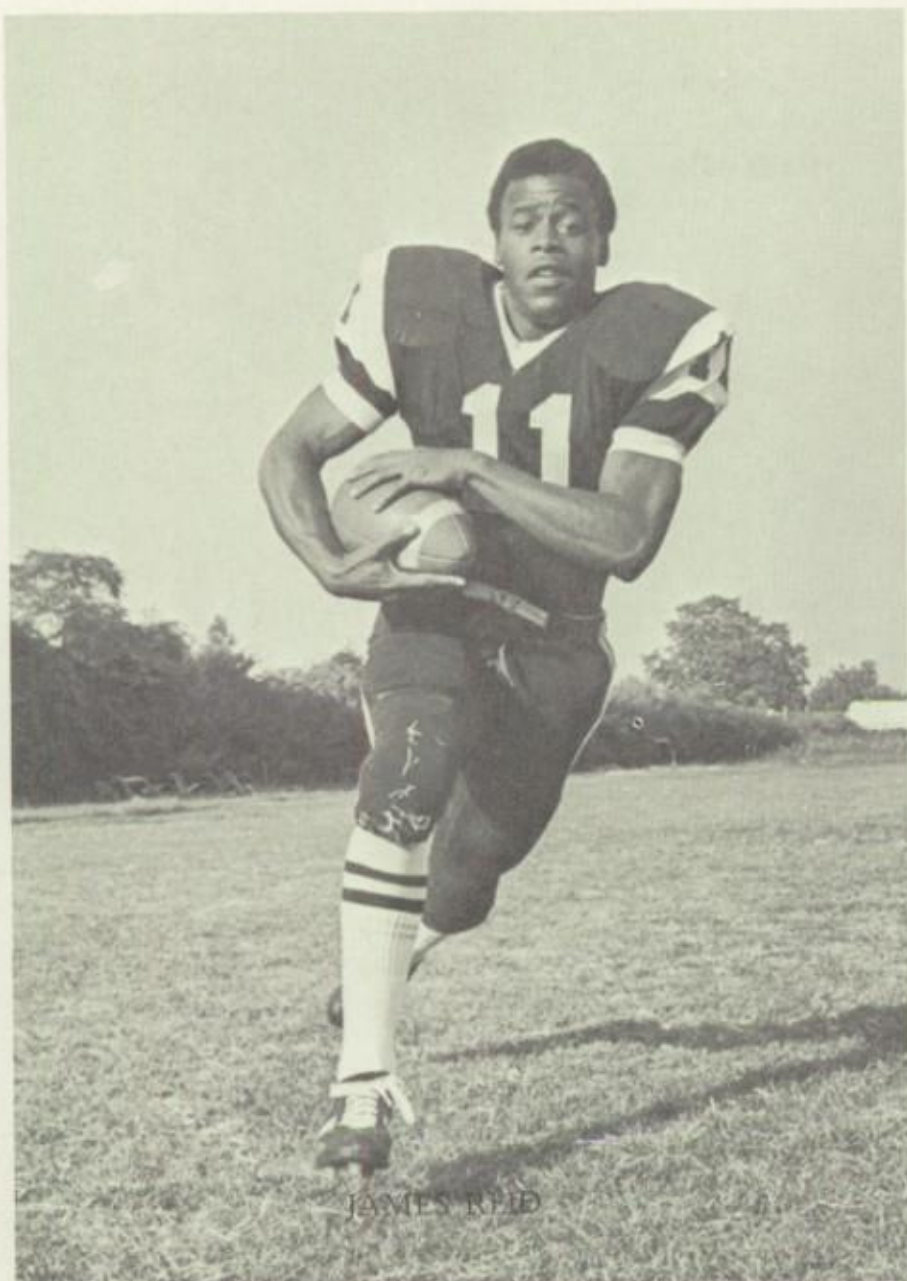

QB Artis Stanfield shows his defensive skills by returning an interception 55 yards to score. Marshall Boone (41) and Clinton Wright (52) help out in clearing the way. The Tigers defeated Rowland Southside 58-14, later 37-0.

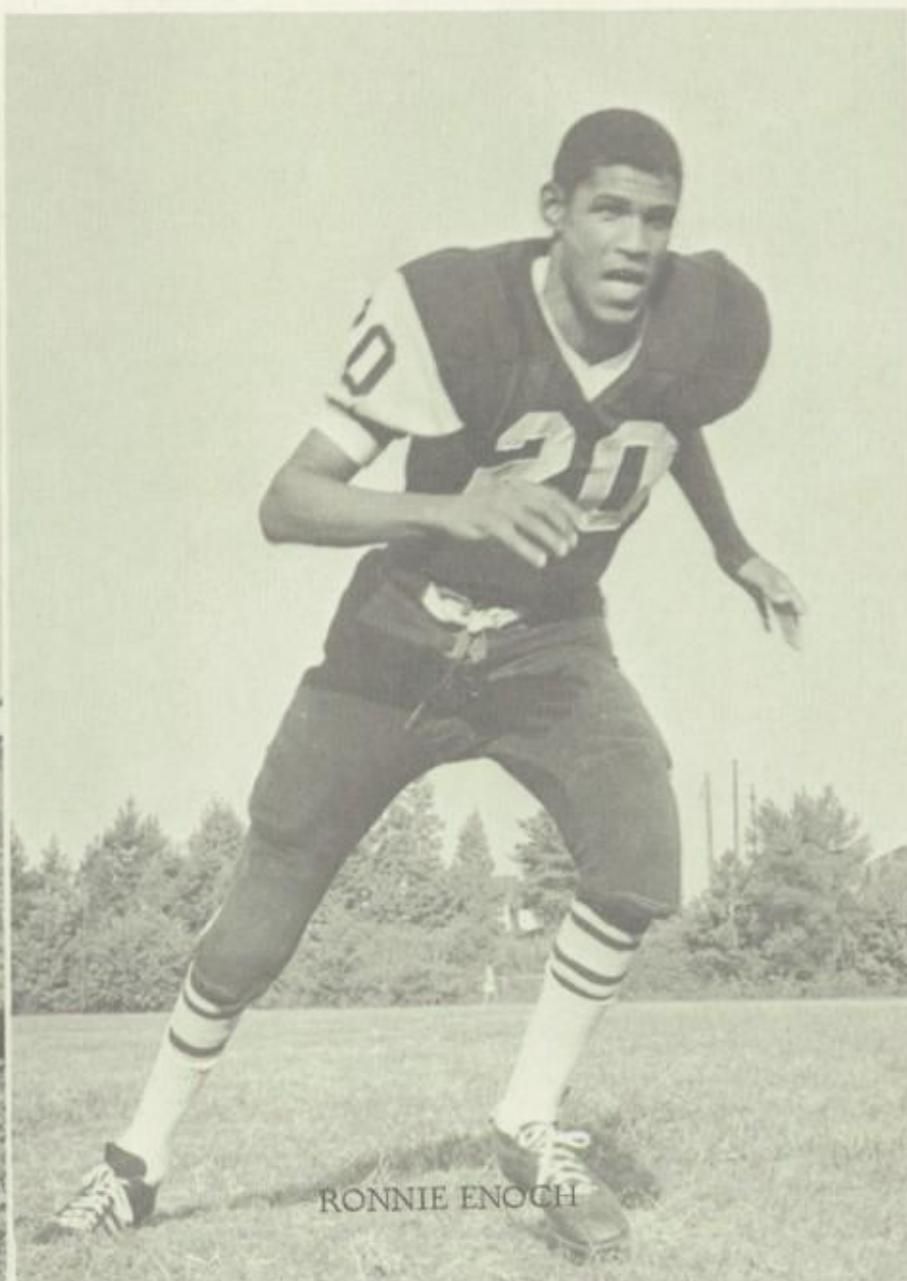

Talented, speedy Steve Clay (30) shoves enemy Trojan aside on a 31 yard scoring run to break a 6-6 tie en route to the Conference title against Wilson Darden.

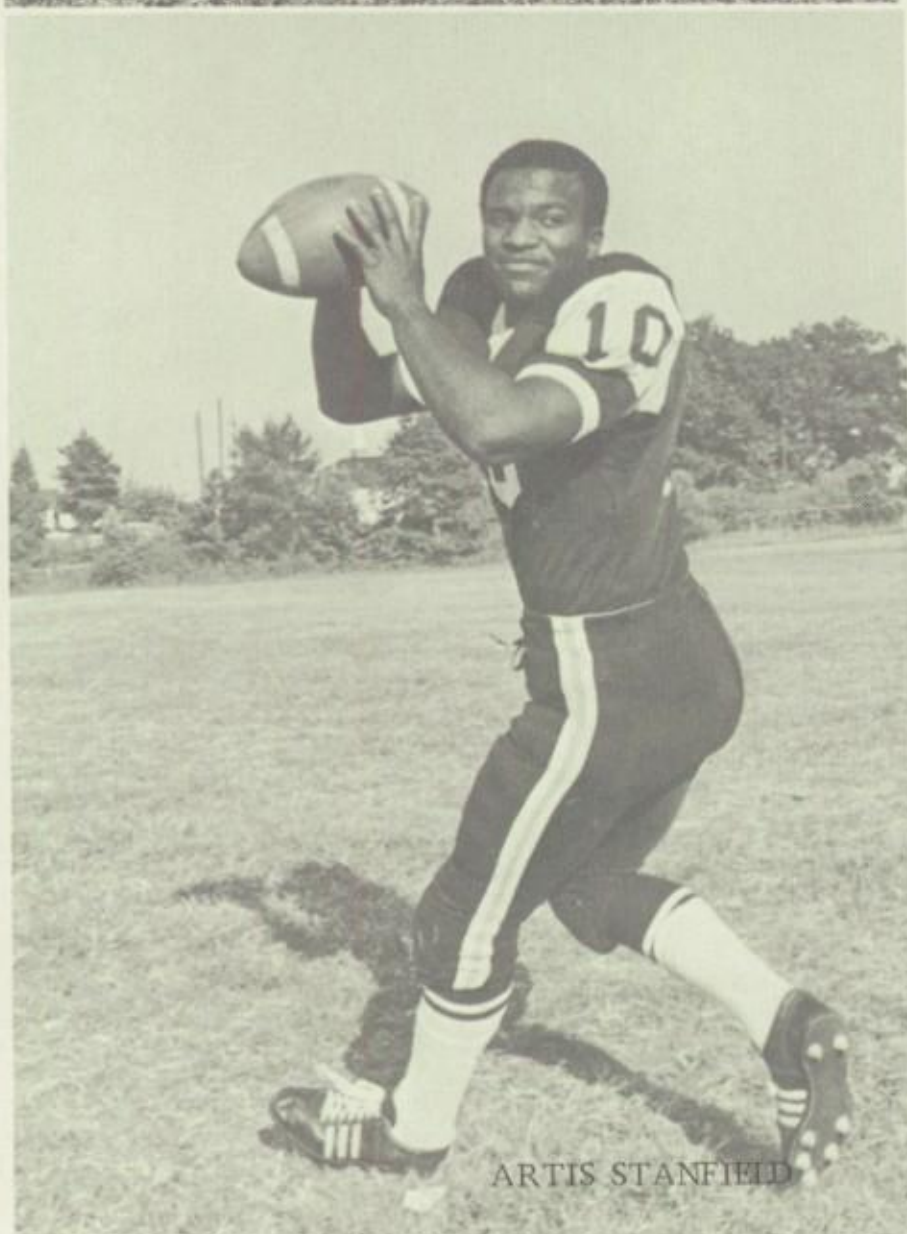

Coach Evans maps strategy with Steven Clay during final regular season game which the Tigers won 84-12 against South Ayden. The win put the Tigers in first place in the Conference with a 7-0-1 record.

OUR CHRISTMAS IS A MANY SPLENDORED THING

Christmas at Sellars represents many things. It is the gaily decorated rooms and the sound of Christmas carols. It is the Music Department presenting a cherry Christmas Concert, and array of holiday melodies. It is the traditional decoration of classroom doors, rooms and bulletin boards. Most of all, Christmas is the time of friendliness, cheerfulness and good will.

STUDENT COUNCIL ESTABLISH HIGHER

OFFICERS: President, James Lester Reid, III; Vice President, Larry Finley Matkins; Secretary, Emma Marie Curry; Assistant Secretary, Marion Ozetta Harvey; Treasurer, Alice Faye Foust; Advisor, Mrs. N. G. Majette. (Below)

The Student Council is a representative organization consisting of one representative from each home-room. It was organized to bring better cooperation among students, faculty and administration as well as to promote the general welfare of the student body. It has helped to establish higher standards of character, leadership, scholarship and school spirit within the school.

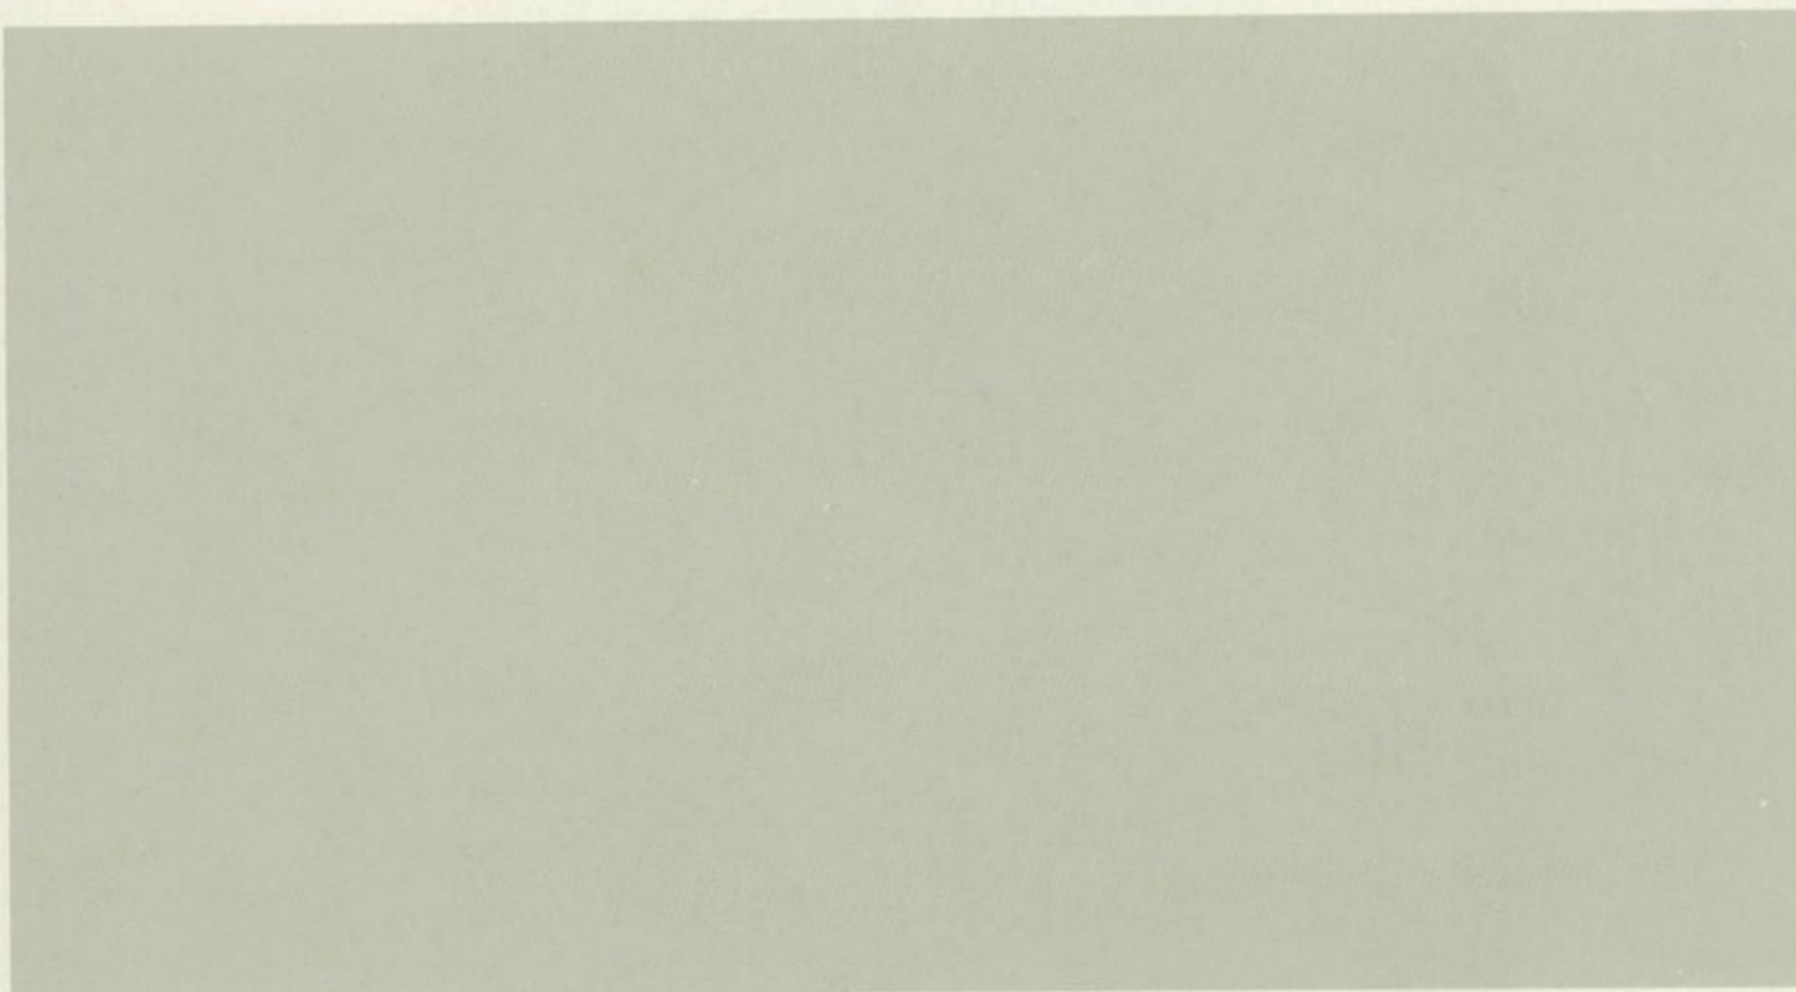

Aside from expressing the opinions of the students, the Student Council has sponsored many beneficial projects one of which is the annual cheer baskets for the needy.

Medical Secretary
Scientific Data Processing
Technical Secretary

Between 1965 and 1975 employment among professional and technical workers will double, while jobs for the unskilled will drop at least 3 percent. What education and training you choose after high school will determine your capacity for acquiring a good position.

CAN YOU COMPETE FOR TOMORROW'S JOBS?

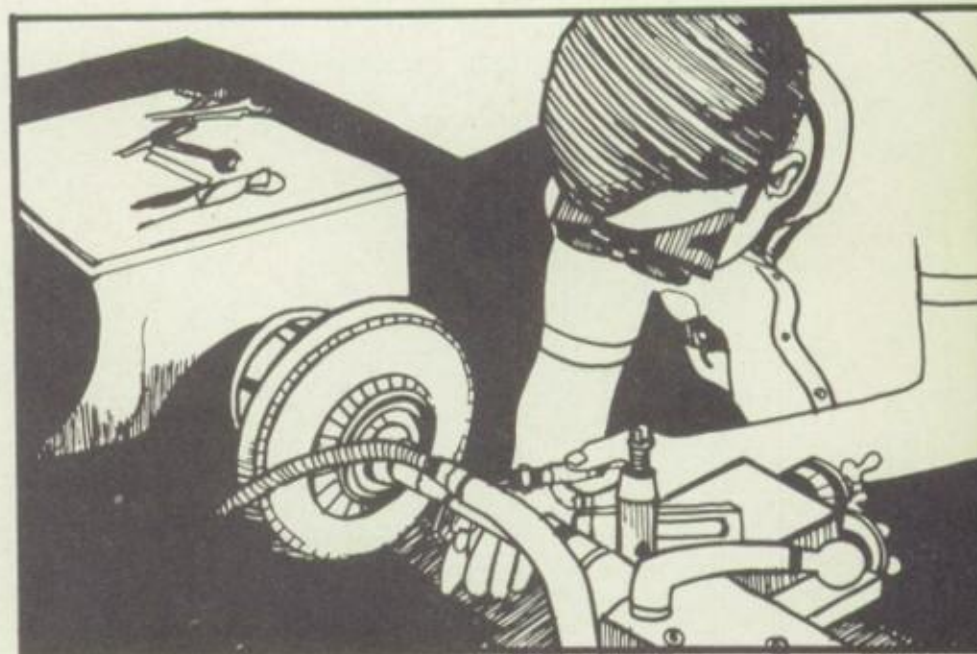

For information contact the Technical Institute of Alamance, 411 Camp Road, Burlington, N.C.

44 Years of
PROGRESS...

Pride in products and Company on the part of management and employees working together, combined with the interest and support of the people in the community have been the key to our growth. This has brought us from our beginning in Alamance County as distributor in 1925, and manufacturer in 1937, to the position of being one of the world's largest hosiery producers in 1969. Today we make hosiery and related products for men, women, and children under world famous brand names. Our plants are located in the cities shown on the map. We are pleased to bring you this story of progress, because it started in this area.

AND TODAY, THE

KR

MANUFACTURING SYMBOL

IS LOCATED
